

Hi Everyone,

I hope you are all keeping safe and well and that you all had a nice Easter break.

Here is a new list of work for the week. If anyone has any problems or questions, feel free to email me. I know that some people are finding it hard to login and access some books online. I have had problems with it myself. So if anyone can't login or access the resources I have taken screenshots of all the pages and created worksheets that I have attached and you can work from these.

English:

- 3rd Class – Ready to Go Chp 21 'Victorian Times' – pgs 150 to 155 and all Portfolio work
- 4th Class – Lift Off Chp 21 'Dogs' – pgs 160 – 165 and all Portfolio work
- Both classes – Procedural Writing/Handwriting practice: Choose a recipe, write out all the ingredients, equipment needed and the steps to follow to make the dish. Draw a picture of what the dish might look like. (you can email me any pics if you also make the dish)

Maths:

- 3rd Class – Worksheets on Division
- 4th Class – Worksheets on Length, Area and Perimeter

Irish:

I have added a vocabulary sheet for the Abair Liom work on pages 108 + 109. I hope this helps.

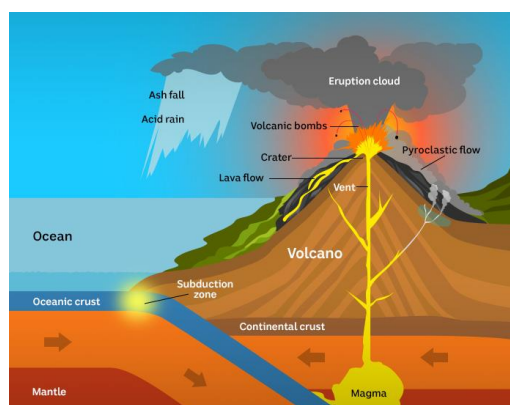

- Abair Liom (Folensonline)
– p106-107: Look at all of the vocabulary and translate it.
P108 – léigh agus freagair na ceisteanna – read the text and answer the questions
P109 – Léigh an comhrá and see if you can translate it
P109 – C. Cad a cheapann tú? – Write out and finish the sentences
- Am Don Léamh 3 (Folensonline)
P 20 – 21 'Céard atá ar an teilifís?'

History:

- Look up any Irish Myth or Legend, (e.g. Tír na nÓg, Fionn Mac Cumhaill, Diarmuid and Gráinne, etc.) read the story and then write the story in your own words. Then draw 5 or 6 'scenes' or characters from the story.

Geography:

- <https://www.natgeokids.com/ie/discover/geography/physical-geography/volcano-facts/> here are 17 facts about Volcanos. Pick your favourite 10 facts, write them out (like a little project) and draw a diagram of a volcano. Label the diagram. Here is an example:

Science:

- Go out into your garden (or somewhere with flowers and trees). Choose 5 different trees and 5 different plants or flowers. Name them (if you can), describe them (e.g. tall, short, green, leafy, colourful, bright, dull, etc.) and then draw them.

PE/Music:

- Choose a song and choreograph (make up) a dance for the chorus or more if you would like. It can be fast or slow. It's up to you. If you would like to send me a video through email when you are finished I would love to see some of them 😊

Art:

- Palm Art - <https://www.youtube.com/watch?v=7OI7TWTvkZo>
This is a great video to show how to draw different animals by just using your hand as an outline.

Again, I would just like to remind everyone that all of this work is not compulsory. You can work at your own pace and order. Don't forget to get outside and enjoy the sunshine also while we have it 😊
