### Science: 5<sup>th</sup> and 6<sup>th</sup> Class

We briefly looked at food chains in class but never completed it.

Lesson 4, p41-57 Science fusion 5 on [folenonline.ie](http://folenonline.ie) explores in detail food chains. Read this chapter and complete the exercises. Create/draw an interesting food chain and send it to [joandonnelly09@gmail.com](mailto:joandonnelly09@gmail.com).

You may not be able to complete this work and that is ok. The most important thing is that you continue to remain at home, stay safe, get lots of fresh air, help with the household chores, continue to read what ever book you most enjoy. Well done to you all for the effort you are making and the excellent standard of work that you have shared with me already.

Looking forward to seeing you all soon
