

Dear parents,

I hope you and your family are all keeping safe and had a lovely Easter and got to enjoy this fabulous weather. Here is a plan of work for this week but please remember that this is only a guideline and you do not have to complete all the work listed below.

English: Skills book B, you can access this by using the following link:

<https://my.cjfallon.ie/dashboard/student-resources/?levels=0&classes=0&subjects=0&serieses=0&booktitles=0&types%5B0%5D=Book+Sample>

Then select: Primary, Senior Infants, English, Rainbow – Stage 1 and you can view the books by clicking on the eye symbol.

These pages correspond with the story that you would have read 'A Balloon Ride.

Tuesday: pg. 47,48

Wednesday: pg. 49

Thursday: pg. 50

Friday: pg. 58

It is not necessary to print out these pages, the children can look at the page on the screen and write answers into a copy.

Please re read all the words at the back of the book, try to encourage them to sound out words that they are unsure of.

For extra reading material there are a set of books to read online. There is an activity at the end also to complete. Go to www.connect.collins.co.uk/school/Portal.aspx

Click Teacher login

Username: parents@harpercollins.co.uk

Password: Parents20!

Maths: As the children do not have their big planet maths book you can access it on the folens website.

Tuesday: pg. 93, the story of 10

Wednesday: pg. 94, the story of 10

Thursday: pg. 95, addition to 10

Friday: pg. 96, addition to 10

History: Listen to the story 'The tiny seed' on YouTube. Get the children to retell the story. They can write a few sentences about it or draw a picture of their favourite part.

Science: We had been learning about the parts of a flower and how plants make their own food. Get the children to look at a tree, draw a picture of a tree in spring and label the parts: trunk, branch, roots. Write or talk about how the tree has changed since Autumn.

P.E: I'm sure everyone is being active but here are some ideas of what we can do to burn off some energy.

Joe Wicks the body coach is on every morning at 9am.

Cosmic yoga - YouTube

Or get the children to design a workout plan for all the family to participate in.

Go noodle - YouTube
Create your own obstacle course

Art: Pick a flower and draw a picture of it using any materials. You can use Vincent Van Gogh's sunflower as a stimulus.

There has been some problems logging onto some of the websites so if you are experiencing any problems please don't hesitate to get in contact with me and I can screen shot the pages to you. My e mail address is caitrionafeery@gmail.com

Please remember this is only a guide, do what you can.
If any of the children would like to e mail me any of their work or pictures, I would love to see them.

Ms. Lynam
